

# Cultivating connection

## Partner with us!

Help us pilot [VitalVoices](#), a self-awareness and communication curriculum designed to close adolescent wellbeing gaps. We are seeking schools and organizations that serve youth in grades 4-8.

## What does being a pilot partner look like?

You can implement 16 of our modules free-of-charge. We will offer a short training to participating teachers. We ask that you administer a 7-minute survey to students and provide teacher feedback so we can improve our program.

## How do I know this works?

We conducted a pilot in the spring of 2024 with two fifth-grade classrooms. After only nine 15-minute modules, students showed a *statistically significant improvement* in their reported ability to get along with one another, including those whom they perceive as different from themselves. Students also reported a 47% increase in their belief that they were socially accepted and that all students at the school were treated the same, regardless of income. See [our evaluation report](#) for the full results.

## What's in it for you?

Three benefits to being a pilot partner:

- 1 The first 16 modules are free of charge; the full program is available at a discounted rate.
- 2 You can help us shape the program so it meets your school's needs.
- 3 The 15-minute modules are short and easy to use.

## How can you use VitalVoices?

The curriculum is flexible. Schools and out-of-school providers can use it for all students or as an intervention with selected students. You can use it in homeroom/advisory, humanities courses, Special Education classes, or with multilingual learners. It can also be part of a school-based mentoring program or a restorative practices initiative.

## What if I want to use this for a full year?

If you would like to continue using the program, we are happy to offer the entire first year's curriculum for a price that works within your budget. For pilot sites, we will provide customizations and implementation coaching for one year. You can continue using the program as long as you like at no additional cost.

## Contact Us!

If you would like to partner with us, please contact us at [info@figeducation.org](mailto:info@figeducation.org). We look forward to working with you!
